Frequently Asked Questions: AFA 01-2015-BHHF-ALL WV Behavioral Health Referral & Outreach Call Center

- 1. For after-hours coverage, is it expected that the employee be on-site 24/7 – or is call forwarding to agency staff acceptable?**

Answer: As long as the call forwarding is to a qualified/trained agency staff person and not just an answering service, call forwarding would be acceptable.

- 2. For reporting purposes to BHHF, how is “interface” expected to occur. Is a monthly emailed report acceptable to start?**

Answer: Yes, this is still TBD but a monthly emailed report would be initially acceptable until other procedures are put in place.

- 3. During non-traditional hours, what staff requirements are there to fulfill the 24/7 clinical consultation requirement?**

Answer: BBHHF will defer to each of the applicants to tell us how they propose to address this requirement. Consideration of creative and varied approaches to the requirements is part of the value of issuing an AFA and will be factored into how each given proposal is scored.
